Enhancements & Changes

PAX Extension improvement for Digital Memberships (TT Line) (#2895)

Enhancement to the existing Passenger Manifest (PAX) features by introducing a Digital Membership Card specifically designed for Bonus Card customers within TT-Line's (TTL) environment.

- simplify handling of bonus customers.
- improved process flow for both customers and staff.

Issues Fixed

- **Nets integration with Move 3500:** Fixed issues with the Nets integration and Ingenico Move 3500 terminal (ECR mode). (**#2880**)
 - Print outs freezing in REG.
 - Transaction voids freezing and working intermittently.
 - Crashes occurring in REG.
 - Miscellaneous connection issues to terminal.
