Winpos Mega - Version 1046 SP13 Release

10 October 2024

Enhancements & Changes

New 'CSV E-mail' interface option for 'Life Suppliers' (Finland) (#2851)

---

## Enhancements & Changes

### **New 'CSV E-mail' interface option for 'Life Suppliers' (Finland) (#2851)**

A new interface option has been added to Suppliers: 'Life CSV, e-mail'.

When the Supplier's Order is confirmed (and assuming e-mail is configured correctly), then a CSV file is generated from the Order and e-mailed to the Supplier.

CSV file format:

1. Line no
2. Customer number (store customer number for supplier)
3. Product Order No. (from supplier card)
4. Empty field
5. Quantity to be ordered.
