Enhancements & Changes

Service Charge development (UK)

Development of Service Charge functionality for UK (e.g. hospitality environments) in accordance with UK GOV regulations.

The development supports the following types of service charge:

- Optional (or Voluntary / Discretionary) Service Charge
- Mandatory Service Charge

Please refer to the release notes for Winpos Mega v1047 SP4 for further details.

Issues Fixed

Mobile App

- **Nets Cloud:** Fixed an issue with Nets Cloud card terminal where Cancel payment and then ending the payment caused the app to start blinking. (**#3414**)
