Winpos Mega - Version 1047 SP10 Release

Release Date 31 March 2025

Issues Fixed

Issues Fixed

- **Mobile App: Self-service manager tool:** The self-service tool in the Mobile App now refreshes the sales basket correctly after the age verification has been cleared. **(#3486)**
- **Pre-order (Espresso House):** Fixed an issue with incorrect total on an order using the Espresso House / Pre-Order API. (An intermittent/random issue which occurred more often when a coupon was used). **(#3600)**
- **Security elements:** Fixed an issue with 'Security elements' of type 'Article is alarmed'. Now, it will always alert when an article of this type is added, even after an 'Age verification' type article has been previously verified. **(#3509)**
