Release Notes

Winpos Mega - Version 1047 SP4 Release

4 February 2025

Issues Fixed

- **Kitchen Printing (using Dish Groups)**:

  Resolved an issue found with the Kitchen Printing (Dish Groups) development released in v1047 SP3 (i.e. using setting *Kitchen.Print all kitchen articles to all printers = Dish groups*).

  It is now possible to enter Dish Group '0' in the Dish Group setup in back office. **(#3413)**

- **Life interface**: Minor amendments made to Life interface for sending CSV files. **(#3271)**

- **MobileMega3**: Fixed an issue with Split Bill in Winpos Mobile **(#3418)**
